PROFESSIONAL SUMMARY

Full-Stack Web Developer specializing in the MERN stack, with expertise in building high-performance, user-centric applications using Next.js and React. Skilled in writing clean, maintainable code across the entire stack, from front-end interfaces to backend APIs and databases. Experienced in technical mentorship and team collaboration, with a proven track record of accelerating developer proficiency through code reviews, best practices, and project leadership.

WORK EXPERIENCE

Instructional Associate (IA)

Masai School, Bengaluru, India.

Feb 2025 - Present

- Conducting MERN stack and DSA sessions for students.
- Provided technical mentorship through code reviews, debugging assistance, and clarifying complex topics.
- Collaborated on curriculum tasks, including defining project modules and assisting with evaluation processes.
- Developed and maintained the internal Mentor-MOU Tracker application to streamline workflow.

Software Developer Engineer-I

K12 Techno Services Pvt. Ltd, Bengaluru, India.

Dec 2023 - Dec 2024

Front-End Developer

- Designed and developed robust Content Management Systems (CMS) to streamline content creation and delivery.
- Built and maintained responsive, high-performance websites like Schools Universe and Dance Dynamite using React and Next.js.
- Created an interactive voting page with dynamic features, responsive UI, and optimized performance.
- Collaborated with cross-functional teams to deliver user-focused features and optimized UI.
- Improved website performance and SEO, resulting in faster load times and higher visibility.
